To Revise The Compliance Time  
Schedule For:

NAPA SANITATION DISTRICT,  
AMERICAN CANYON COUNTY WATER DISTRICT  
AND NAPA-AMERICAN CANYON WASTEWATER  
MANAGEMENT AUTHORITY, NAPA COUNTY

The California Regional Water Quality Control Board, San Francisco Bay Region  
(hereinafter Board), finds that:

1. The Board, on June 20, 1978, adopted Order No. 78-46 (NPDES Permit No. CA0037575) prescribing waste discharge requirements and compliance time schedules for the Napa Sanitation District American Canyon County Water District, and Napa-American Canyon Wastewater Management Authority (hereinafter dischargers).
2. The dischargers reported in letters dated August 29 and September 25, 1978 that start-up problems delayed their getting the new facilities into full operation until November 1978.
3. The dischargers published a report entitled "Napa-American Canyon Wastewater Reuse Program, Facilities Planning, Draft Environmental Impact Report, September 1978" and held a public hearing. The report indicates that much, and possibly all, the wastewater could be reclaimed.
4. The quality and quantity of the discharge must be established before its effect on the Napa River can be determined.
5. Development of a program to evaluate the effect of the discharge and to achieve compliance with the prohibition against discharge where the wastewater does not receive a dilution of 10:1 should be delayed until sometime after the new facilities are fully operational and the extent of the proposed reclamation project is established.
6. As this project is an NPDES permit time schedule extension, this Board, pursuant to Water Code Section 13389, is not required to comply with the provisions of Chapter 3 of Division 13 of the Public Resources Code (California Environmental Quality Act).
7. The Board has notified the discharger and interested agencies and persons of its intent to revise the compliance time schedule in Order No. 78-46.

8. The Board in a public meeting, heard and considered all comments pertaining to this discharger.

IT IS HEREBY ORDERED, that Provision D.1.b. on pages 6 and 7 of Board Order No. 78-46 is revised to read:
